Approval of the June Minutes

The committee reviewed the June Assessment Committee minutes. Lucy Barnard-Brak made a motion to approve, which was seconded by Karen Spector. The June minutes were approved unanimously.

CAEP Self-Study Report Overview

Members of the Assessment Team provided an overview of the self-study criteria and provided highlights from each of the five standards. The self-study report will be sent out electronically to review and prepare for the CAEP visit. James Hardin noted that CAEP standards 6 & 7 for the Initial Level are not applicable to the faculty. Throughout the fall semester 2-3 designated A-team members will attend each monthly program meeting to discuss a CAEP standard and provide data that will help prepare COE faculty for the CAEP visit. Liza Wilson reminded the Committee that a candidate is anyone in the program until 6 months post-completion and a completer is someone 6 months post-completion that is employed in the position for which they prepared.

Pre-CPAST

Departments have begun working on observation tools for Pre-CPAST.
